COMBINING TALENTS

Alex Jenkins talks to Sunny Kang, the lady captain at Clearwater Bay Golf & Country Club and a world-renowned clarinetist.

Some people are lucky enough to take to golf like a duck to water but even so, Sunny Kang's rise is by anyone's reckoning little short of amazing.

Setting foot on a course for the first time in 2006, Sunny reached a single-figure handicap at Clearwater Bay Golf & Country Club within the space of just two years, winning numerous tournaments along the way. Such has been her progress and commitment to the game that she is now the club's lady captain.
